

Call To Worship

(to go with Hymnal #6, Here in this Place)

by Sharon Nearhoof May

ONE: Here in this place we gather to share the stories of our faith, the stories of our people.

ALL: **We gather to remember the stories of our ancestors and seek the way of God together.**

ONE: In this place we gather to remember who we have been, to re-member who we are, to dream of who we might become in the days and years before us.

ALL: **We are the young, the old, the sick, the strong, the fearful, the trusting. We bring ourselves and our stories to each other and to God, who kindles the fire of love in us all, in this place.**
